REV. DR. BULLOCK .- The Norfolk Landmark in its notice of the opening of the Synod of Virginia, in that city, gives the following very complimentary notice of the sermon of It v. Dr. Bullock of this city. It says:

"Dr. Bullock then announced as his text St. Mark 16 h-15th: 'And He said unto them, tro ye into all the world, and preach the Gosbel to every creature.' Romans 1st 16th: 'For am not ashamed of the Gospel of Carist : for it is the power of God unto Salvation to every one that believeth: to the Jew first, and also to the Greek.' Revelations 11th-15th: 'And the Seventh Angel sounded; and there were great voices to Heaven, saying. The Kingdoms of this world are become the Kingdoms of our Lord, and of his Christ; and he shall reign forever and ever.' We will not attempt even a 18.6, at 72 o'clock p in., for the purpose of nom that followed, for it would convey to our readers but a very faint conception of its beauty of arrangement, graid or of argument, and con vincing power in establishing the supremacy of the garious religion of Christ, and the truthfuln ss of the Apostle Paul's service: 'Neither is there salvation in any other; for there is note other name under Heaven given among men, whereby we must be saved.' The leading points of the sermon were as follow: First -The command of Christ to preach the Gospel. Second-The power of the preached Gospel to save the race from sin and sorrow. Hair!-The final and complete success of the tiospel. Each point was carefully and fully considered, and for one hour and a quarter he commanded the undivided attention of his hearers, and awoke the deepest interest among all. He concluded with a brief prayer, and afterwards read the 72d Psalm, 2d part.

'Jesus shall reign where e'er the sun Duch his successive journeys run.

Mr. F. C. Bangs.—The gentleman whose name heads this arricle is creating quite a sensation in the city of New York by his masterly rendition of "Sardacapalus." We congratulate Mr. Bangs upon his eminence in the histrionic art -the more so from the fact that he is a "native and to the manor bore." His old schoolmates and companious will be delighted to see this evidence of his great popularity as an actor and gentleman, and will be sure to watch with increasing interest his progress in the profession he has assumed so suce safully. They report that all the Al xandria convicts are well, and that Eddie Meade and John Bright, whose terms are shortly to expire, express themselves as so well pleased with the P nitentiary that they pro-P se to make things lively here, on their return, until they are sent back there.

The Turkish War. LONDON, October 21,-A dispatch from Paris says: "It is stated here that England has replied to Russia that as she has already supported a six months' armistice she cannot now recommend one of six weeks, but she will not oppose it.
